Saturday, August 29th, from 9:00 to 10:30.

Saturday August 30'th, from 8:30 to 9:30.

Changes and on-site entries are handled at a separate table. This is to minimize queuing and speed up the registration process. Billing is made against receipts received after the registration has been closed.

Individual registration is not possible, competition material will be handed over to club officials.

Team leaders are asked to wear masks during registration.

We can accept on-site entries in limited numbers with on-site entry fees specified in the invitation. Entries for one day on site can only be accepted in Open and Taped categories, in other categories it is only possible to enter the competition for both days.

The entry deadline for the 2x2 relay (with runner order and SI numbers) is Saturday 14:00 online or in the CC, in case of on-site entry.

Categories

Due to the limited number of entries, some categories have been terminated and the affected competitors have been entered into different categories.

Tipo Cup:

M21B >> M21Br, W35A >> W35Br
W21Br, M12D, M21C, M80A terminated

If the pre-chosen new category is not satisfactory, it is possible to choose an other category free of charge until 25 August.

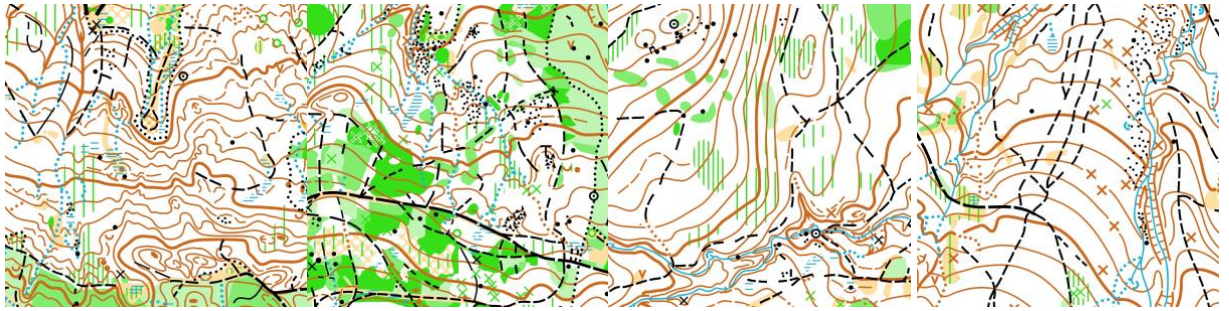

Open, Accompanying (DK) and Ultimate categories

Open and **DK** categories start from a separate corridor both days. There is no pre-set start time, runners in these categories can start whenever they want. Start-vouchers are included in the competition material and received at registration for both days, and will be needed at the start to enter the start corridor. Runners from the three Open and two DK categories can start from the 30th minute of the race, with the last start time being the same as in the ranking categories.

Further non-ranking categories are the **M21U** and **W21U ultimate** categories, with a map containing only topography, rock and water features.
