

Bulletin 1 (Invitation)

SLOVAK TRAILO WEEKEND

World Ranking Event in TempO and PreO
Slovak Championships in TempO and PreO
Local competition in PreO sprint

23th – 24th October 2021

Organizing team:	Slovak Orienteering Association ŠK Farmaceut Bratislava
Classes:	Open Physically challenged Junior
Entry fee:	for WRE competitions: Open, Physically challenged: 20€ for each competition Junior: 10€ for each competition for PreOsprint: Open, Physically challenged: 10€ Junior: 5€
Entries:	Normal entry till 17 October 2021 Late entry till 21 October 2021 by IOF eventor for WRE events (TempO and PreO) and www.orienteingonline.net for PreO sprint
Payment:	by cash at the event centre or by bank transfer Account name: TJ Slávia Farmaceut Bank: Slovenska Sporitelna IBAN: SK2709000000005110562760 BIC: GIBASKBX
Results system:	Preoresultat.se
Prizes and ceremony:	The first three competitors in overall classification (TempO, PreO sprint and PreO competitions) will be awarded by practical prizes. The first three competitors registered in Slovak orienteering association will obtain diplomas and medals in Slovak championships. All ceremonies will be scheduled on Sunday as soon as possible after Sunday competition.
Personal helper:	Athletes who need help during the competitions have to bring their own helper.

Toilet:	There will be wheelchair accessible toilets.
Covid status:	<p>The Covid situation in Slovakia is worsening due increasing numbers especially in the north and east of Slovakia. The Bratislava and Malacky districts where there will be competitions are in the orange phase now, which means for sport activities no restriction for vaccinated or a maximum 400 people in the countryside in OTP mode (fully vaccinated, tested or recovered). We are expecting that we can move to the red phase which means for sport activities no restriction for vaccinated or a maximum of 150 people in the countryside in OTP mode (fully vaccinated, tested or recovered). The worst predicted situation is the burgundy phase which means for sport activities no restriction for vaccinated or a maximum 50 people in the countryside in OTP mode (fully vaccinated, tested or recovered).</p> <p>The Government does not plan to cancel any sports activities, but the situation can change very quickly and we cannot promise that it will be the same at the end of October. If the infection situation in Slovakia or in any athletes home country changes, the whole event may be cancelled or athletes from specific countries may be rejected from participation. If you are ill or have symptoms of a respiratory infection of any kind you are not allowed to participate.</p> <p>Competitions will be organized in OTP mode (full vaccinated, tested or recovered). Competitors will be required to complete an affidavit stating that they have been vaccinated, tested or recovered. The detailed Covid protocol will be specified in the instructions.</p> <p>We believe and looking forward that it will be possible to organize our competition in a planned scope.</p>
Entry to Slovakia:	<p>Traveling to Slovakia is without problems only for full vaccinated people. We do not recommend traveling any unvaccinated due restriction or mandatory quarantine. There are some exceptions and we try to get an exception for the entry of competitors only on the basis of testing. We will inform you about the result.</p> <p>You do not need any test for entering Slovakia when you are fully vaccinated (you need only some proof of vaccination and no COVID-like symptoms). You need register on https://korona.gov.sk/en/ehranica/ and in the case when you fly directly to Bratislava you need also register on https://www.mindop.sk/covid/forms. You can follow situation on https://korona.gov.sk/en/travelling-to-slovak-republic/</p>
